INFLAMMATION **otc**

Product #5605A Deep Pain Care Hot

Description:

A specially formulated lotion designed to help reduce inflammation and pain associated with arthritis and muscular discomfort. Pain reduction is accomplished through the synergy of black pepper, ginger, and MSM. A warming effect to joints and tissues is evident upon application.

Suggested Use:

Apply a small amount to fingertips. Gently rub in. Apply a second application 15 to 30 seconds after the first, if needed for maximum benefit. Avoid contact with eyes.

Active Ingredient:

Menthol

Eucalyptus Globulus Leaf Oil

Cinnamomum Camphora (Camphor) Bark Oil

Ingredients:

U.S. Patent Pending

Storage:

Keep product above 35°F, to avoid freezing, and below 80°F.

2734 Ogeechee Road Savannah, GA 31405
